## "Commercialising University Research: Opportunities and Challenges"

**dr Andrew Walsh**, Technology Manager , Cambridge Enterprise

*Abstract:* Using examples of successful cases, the talk will address how Cambridge Enterprise, the technology transfer company of the University of Cambridge, manages the commercial development of University technology and how potential conflicts are managed.

*Bio:* Andrew Walsh is a Technology Manager of the Life Science Team at Cambridge Enterprise. He joined the office in 2002 having previously been a research scientist at the MRC Laboratory of Molecular Biology and the University of Leeds, where he received his PhD.

*zapraszamy na nasz serwer:*
